

Joint Tobacco Product Regulation (TPR) WG suggestion to ExCom

14 September 2020

At the last meeting (9/09), the remit of the Joint TPR WG was discussed with the members, and the following suggestions were made:

- Main purpose: To deal with TPD2/ TPD3 topics specific to the products (e.g. ingredients), and contribute to other TE WGs if needs be;
- Products to be covered by this WG: all products covered by TPD 2, including other products to be covered by TPD 3 (e.g. nicotine containing pouches);
- However, should one of the product categories not be comprised in a JTPR member portfolio, this member should not join the discussion, as discussion would not be relevant for this member.

Action: On behalf of Joint TPR, Tobacco Europe to send the above-mentioned proposal to ExCom, for approval of products to be covered by this WG.

Decision: The ExCom approved the remit of the Joint TPR at the September 22 meeting

Members of the WG

WG Chair: Maria Harris (JTI) Participants: Thomas Compernelle (BAT), Liliana Ferreira Chaves, Justyna Smok (IMB); Vincenzo Viola (ESTA); Nathalie Darge (Tobacco Europe)
